CONNECT AIR | Wall-hung bowl 365x545x350 mm in white glossy finish, horizontal outlet | AquaBlade

Image & drawing

O Ideal Standard

General information

Sub product type	Wall-hung bowl	
Brand	Ideal Standard	
Suite name	CONNECT AIR	
Designer	Studio Levien	
Colour code	01	
Colour description	White Glossy	
Surface finish effect	glossy	
Height (mm)	350	
Width (mm)	365	
Length / Projection (mm)	545	
Fixing method	Fixing bolts	
EAN code	5017830554943	
Net weight (kg)	22.36	

Features

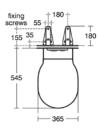

Downloads

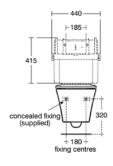

• BIM-UK

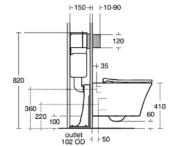

• EPD

Product specifications

Disabled model	No
Raised model	No
Material	ceramic
Material quality	Vitreous china
Outlet visibility	Concealed
PVD technology	No
With bidet function	No
IdealPlus technology	No
Type of flushing	Washdown
Outlet location	Middle
Outlet orientation	Horizontal
Position of water supply	Rear
Type of water supply	Concealed
With hygienic recess / fixed toilet seat	No
Children's model	No

AquaBlade®

CLEANER QUIETER SMARTER

CLEANER:

AQUABLADE® TECHNOLOGY **ENSURES 95% OF THE SURFACE** AREA IS RINSED CLEAN

QUIETER:

AQUABLADE® IS PROVEN TO **BE UP TO 25% QUIETER THAN OUR EQUIVALENT MODELS**

SMARTER:

MORE EFFECTIVE AND EFFICIENT USE OF WATER COMPARED TO STANDARD FLUSHES

LCA | ELONDON CONSTRUCTION AWARDS

CLEANER QUIETER SMARTER

CLEANER

AquaBlade® technology outperforms all existing toilets in terms of hygiene. Traditional toilets leave a significant area of the bowl unwashed, particularly at the back of the bowl. The AquaBlade® channel is positioned close to the top of the bowl so that 95% of the surface area beneath is cleaned every time.

With AquaBlade® technology, the optimised water pressure and smooth curves of the bowl flush bacteria clean away with no unhygienic splashing. The bowls are also very easy to clean, with no overhanging rim to hide potentially dirty areas.

With traditional box-rimmed toilets, approximately 20% of the bowl is unwashed.

AquaBlade[®] technology ensures that 95% of the surface area below the channel is rinsed clean.

95% OF THE SURFACE AREA BENEATH IS CLEANED EVERY TIME

SMARTER

Technology is expected to function perfectly when it is combined with elegant and unobtrusive design, coupled with tangible functional benefits; then you truly have a product that can be described as a smarter design. TECHNOLOGY IS EXPECTED TO FUNCTION PERFECTLY

AQUABLADE® TECHNOLOGY REDUCES THE TYPICALLY UNWASHED AREA BY 89%

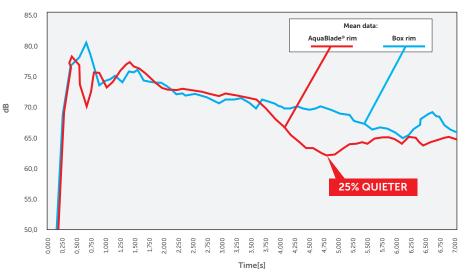

AquaBlade[®] technology now features in a wide range of toilet styles. Clockwise from above: Ideal Standard's Concept Air, Sottini Vara and Sottini Santorini.

QUIETER

In comparison with many traditional flushes, AquaBlade[®] is up to 80% quieter. Our scientific comparisons have been made against exact like-for-like toilet bowls, one with the new revolutionary AquaBlade[®] flush and one with a traditional flush. The results show a 25% reduction in noise.

THE RESULTS SHOW A 25% REDUCTION IN NOISE

dB Chart by Bowl Type

DON'T TAKE OUR WORD FOR IT ...

Bernhard Franken of Franken Architects took a closer look and was very impressed by the simple, clean lines and discreet flushing channel.

The practical advantages are evident. The all-round integral channel means that practically the entire bowl is flushed. In addition to the visual aspect, this also considerably reduces the need for cleaning. The cascading water runs down evenly at a sufficient pressure to wash everything away – quietly and without splashing.

The AquaBlade[®] channel is a real eye-catcher. It is practically invisible which makes it incredibly elegant and a great advance on its competitors.

THE MULTI-AWARD-WINNING AQUABLADE[®] – A NEW ERA IN FLUSH TECHNOLOGY

The most significant development in the product category since the invention of the flush toilet in the 19th century, AquaBlade[®], was launched by Ideal Standard in 2015, and its exclusive and patented technology offers the best superior flushing, even at low water volumes.

AquaBlade® technology sets new standards in both toilet design and optimum flush performance – the smooth, gently curved surface with no overhanging rim also means it is much more hygienic and easier to clean; it is quieter in flush, and has an all-round smarter design.

MULTI-AWARD-WINNING TECHNOLOGY

AQUABLADE[®] HAS WON MULTIPLE AWARDS IN RECOGNITION OF ITS DESIGN AND ADVANCED TECHNOLOGY

The prestigious Housebuilder

Awards – Best Bathroom Product (UK) 2016. Recognition of the best in building and development products.

Gold Award for Innovation in
